Ah Yong, an old Chinese, well known in Wailuku, attempted to commit suicide last Saturday by cutting his throat with a razor. Although he gashed himself badly, he failed to reach a vital spot, and will recover. He is now in Malulani hospital.

In a collision between the automobile driven by Jonquin Vincent, of Waiaho, Kula, and the truck of Ned Nicholas, last Saturday, the automobile came off second best, being considerably battered up. The accident occurred in the Wells tract, near the street junction with the Mill road. The matter is being investigated by the Sheriff's department.

B. Mackenzie, manager of the Puunene Store.

Both Mr. King and his bride are new-comers to Maui. Mrs. King has not before been in the islands, but her husband has been in Honolulu for some time. He recently came to Maui to accept a position with the Puunene Store, and has already made quite a wide circle of friends here, all of whom extend their well wishes for the future to the happy young couple.

Delightful Reception Given to Home-Comers

Last Saturday evening about fifty friends of Mr. and Mrs. J. Garcia, who recently returned from a vacation on the mainland, gathered at a Venetian garden fete given by Mr. A. J. de Souza, at his home in Wailuku, welcoming the returning travelers.

The garden was prettily lit up with colored electric lights and balloons and presented a beautiful scene. Tables bountifully laden with delicious viands were set out under prettily lighted banana trees and the good eats and refreshments were thoroughly enjoyed.

Short speeches of welcome were made by several of those present and responded to by Mr. Garcia, who in a short talk gave an outline of his travels.

Music was furnished by an Hawaiian quintet and also by a Filipino orchestra, and dancing was enjoyed on the lawn.

Among those present were: Mr. and Mrs. J. Garcia, Mr. and Mrs. C. P. Bento, Mr. John Vasconcellos, Mr. and Mrs. Moses Kaunimahu, Mr. and Mrs. J. Ambrose, Mrs. A. J. Rodriguez, the Misses Emily, Maggie, and Eva Rodriguez, Mr. and Mrs. A. J. Fernandez, Mr. M. R. Pereira, Mr. and Mrs. A. Enos, Mr. and Mrs. A. Garcia, Mr. and Mrs. J. Weight and Collins Win In Tournament

Rain during the week interfered with the start of the play in the Wailuku singles tennis tournament, and but two games were played off up to today. In these, Weight (plus 15) beat F. Lufkin (scratch), 6-3, 6-3; and Collins (owed 15) beat Short (scratch), 6-0, 6-4.

This afternoon Miss Wodehouse will play Duke, and tomorrow, Bevis will play Watson.

There is some talk of a ladies' tournament to be played soon for a cup to be put up for the purpose, provided enough lady players are interested.

WOMAN RIDER HURT IN COLLISION WITH AUTO

Papaua Mahi, a Hawaiian woman who lives up Iao Valley, was struck by an automobile driven by Ernest Baldwin, last Tuesday evening, and is now in the Malulani hospital suffering from various bruises and lacerations on her head and body. The accident occurred on Vineyard street, the woman being on horseback at the time. Baldwin stated to the police that it was dark and that he did not see the rider until it was too late to avoid the collision. The horse was not hurt.

Last Sunday's Games Were Both One Sided

The Asahi boys had an off day last Sunday when the St. Anthonys clinched the game from them to the tune of 15 to 0.

But Manager Okamura is not disheartened by this defeat as his best player, Yamashiro, did not show up on account of work, and also that he will reorganize his team and make the others look up to it by the addition of some star Japanese players. "Blackie" Keehu was in his usual form while Okamura had a sore arm and unable to deliver the goods.

The Walkapus defeated the Chinese in the second game by the score of 13 to 8. This game the Chinese could not win as their opponents had the services of Sam Kaleo, who should have been barred by the league, it is claimed. A movement is on foot to have this player barred and not allowed to play in any of the respective teams of the league on the grounds that he outclasses the other players.

The Walkapus scored 6 runs the first inning and this scoring of runs was the defeat of the Chinese as they were not game enough to climb up the ladder afterwards.

Next Sunday the first game will be between the Asahis and Walkapus, while the Chinese and St. Anthonys will tackle each other. This game should be a cracker-jack one as both teams are well balanced.

Japanese Cruiser Off Lahaina This Week

Considerable speculation was caused early in the week by the appearance of a war vessel and two merchant vessel consorts off the port of Lahaina. The war craft proved to be the Japanese cruiser Asama, which went ashore in Turtle Bay, on the west Mexico coast some months ago, and which was later taken to Vancouver for repairs. The accompanying vessels are evidently colliers.

The cruiser remained off the lee of this island most of the week. On Wednesday she fired a salute of 21 guns in celebration of the coronation of the Japanese emperor. It is understood that the vessel has been taking on coal in the smooth waters, and incidentally celebrating the great Japanese event in fitting manner.

STIFF FINES FOR MEN WHO STOLE POWDER TO SHOOT FISH

Sixteen Filipinos and Japanese were arrested at Lahaina last Monday for killing fish with dynamite. The powder had been stolen by the Filipinos from the plantation warehouse at Kaanapali, and the Japanese were taken in on the fun. In Lahaina district court Judge John Brown Jr. found the bunch guilty, and imposed stiff fines ranging from \$50 to \$100 each, in lieu of which they were sent to jail to work out the amounts.

Maui Theaters

The rain has somewhat affected the attendance at the movie theaters this week, the features and films shown however, have been of the usual high order. Last Monday a double feature and Romance of Elaine were shown making eight reels of extraordinary interest, but the rain kept away many who would otherwise have been present. "Wine and Woman," a beautiful world film in five acts was played to a rather small audience for so highly interesting a subject.

Tonight will be shown Adventures of Kathryn, 9th episode, and four other good reels. Tomorrow night the "Diamond from the Sky," 4th chapter and 5 other reels will bring out the movie fans in large numbers, while many up country folks will most likely come down to take in the Mikado coronation festivities by our Oriental friends and will attend both the theatre and the fair and dance by the Catholic Ladies Aid Society at the Gymnasium.

"Wild Olive," a Paramount feature in 5 acts in which Myrtle Stedman, with an all-star cast, will be played the coming week.

Miss Josephine Gassman's company of Plectaninies are also booked at all the Maui theatres either the coming week or week following.

Keapo, a luma of the Wailuku Sugar Company, on the Waikae division, died on Tuesday.

STANDARD OIL COMPANY

INCORPORATED IN CALIFORNIA

STANDARD OIL BUILDING

SAN FRANCISCO, CAL.

SUBJECT

K. R. KINGSBURY,

VICE PRESIDENT.

Mr. D. G. Scofield, President,
Standard Oil Company,
San Francisco, California.

October 7, 1915.

Dear Mr. Scofield:

I want to call your attention to the later reports of the investigation following the recent disaster at Ardmore, Okla. It develops now that the tank car which caused the explosion and resulted in the death of more than fifty people was filled with gasoline made by compressing natural gas, and known as compressor gasoline, not a straight run refinery product like our Red Crown gasoline, which, as you know, is a pure product of crude oil distillation.

Compressor gasoline is very unstable and very "gassy" and the vapors ignite so readily that there is always danger of fire or explosion in handling it. The Ardmore shipment, it seems, was intended to be mixed with low gravity gasoline in the same manner as is done by some manufacturers in California, and the product is known to the trade as a blended or mixed gasoline and is offered quite extensively to motorists in some sections. Even when compressor gasoline is blended in this manner it is still very "gassy" and dangerous.

This unfortunate disaster at Ardmore has clearly pointed out the wisdom of the action of our Board of Directors a little over a year ago in deciding to dismantle the compressor gasoline plant which we installed at Newhall, California, with a view to determining whether it was safe to compress our gas there and ship the resulting gasoline to our refinery for stabilizing by re-running. At that time we published in the Standard Oil Bulletin of July, 1914, a statement announcing the discontinuance of this plant and the reasons therefor, and I attach the clipping hereto.

I believe, in justice to the public and to ourselves, we should take some means of informing motorists and all those handling it the risk they are running in using this dangerous compressor gasoline.

Very truly yours,

K. R. Kingsbury

BULLETIN

Compressor Plant Dismantled
ABOUT a year ago this Company decided to install in the oil fields at Newhall (Pico Canyon), Cal., a compressor for manufacturing gasoline from natural gas. A short time after that a complete plant was installed and in working order. Many tests and experiments have been made with the gasoline produced by this

compressor to determine, if possible, some safe means of transporting it to the Company's refinery at El Segundo for re-running. Owing to the great volatility and high vapor tension test of casing-head gasoline produced from California natural gas, which makes the product at all times a dangerous one to handle, the Company has decided to abandon the prospect of making gasoline from natural gas in California and has dismantled its plant.
